Cancel SLN Use in Hops in Benton and Yakima Counties**

Dear Mr. Johansen:

Please cancel the SLN registration WA-080012, allowing an aerial application of Pristine fungicide in hops grown in Benton and Yakima counties. The use now appears on the Section 3 label so the SLN is no longer needed. Please contact me at 919-547-2291 or [laura.whatley@basf.com](mailto:laura.whatley@basf.com) if you need more information.

Sincerely,  
BASF Corporation
