RE: EPA SLN Reg. No. WA-990023

Enclosed is revised labeling for Washington Special Local Need (SLN) registration number WA-990023 issued to Syngenta Crop Protection for the use of Dual MAGNUM (EPA Reg. No. 100-816) for control of weeds in dry bulb onions. This registration was issued under authority of Section 24(c) FIFRA.

Revisions include:

- Added section headers
- Added concentration language
- Added spray adjuvant and tank mix cautionary language
- Removed grazing restrictions
- Decreased per acre per year rate
- Clarified frequency of application
- Updated crop injury language
- Update the structure of the label
- Update to the Washington State container disposal statement
- Update to the chemigation statement
- Updated maximum application rate to define the annual application rate
- Update to the expiration statement and date (December 31, 2015)
- Update to the label revision date

If you have any questions, please contact me at (360) 902-1972 or by e-mail at [wswheeler@agr.wa.gov](mailto:wswheeler@agr.wa.gov).

Sincerely,

PESTICIDE MANAGEMENT DIVISION
