RE: EPA SLN Registration Number WA-860012

Dear Debra,

Enclosed is revised labeling for Washington Special Local Need (SLN) registration number WA-860012 for the use of Furadan 15 G on spinach grown for seed to control springtails.

The SLN label was revised to extend the expiration date for one year, and there were a few minor revisions for improved clarity.

The SLN registration will expire on December 31, 2011, since WSDA understands that EPA intends to cancel all remaining carbofuran uses in the near future due to unreasonable ecological and worker risks.

If you have any questions, please contact me at (360) 902-2078 or by e-mail at ejohansen@agr.wa.gov.

Sincerely,

PESTICIDE MANAGEMENT DIVISION

Erik W. Johansen
Special Pesticide Registration Program Coordinator
