RE: EPA SLN Registration Number WA-040034

Enclosed is revised labeling for Washington Special Local Need (SLN) registration number WA-040034 for the use of Diazinon AG500 on potato to suppress wireworms.

The SLN label was revised to extend the expiration date for one year, and there were a few minor revisions for improved clarity.

The SLN registration will expire on December 31, 2011, since WSDA anticipates that additional label revisions will be required in the near future to address endangered species issues.

If you have any questions, please contact me at (360) 902-2078 or by e-mail at [ejohansen@agr.wa.gov](mailto:ejohansen@agr.wa.gov).

Sincerely,

PESTICIDE MANAGEMENT DIVISION

Erik W. Johansen  
Special Pesticide Registration Program Coordinator
