No. 81880-4-10163) on pears for control of pear psylla and certain mites. This supplemental registration was issued under the authority of Section 24(c) of FIFRA.

Revisions include extending the expiration date to December 31, 2014.

Any action taken on or changes made to the primary SLN registration (WA-090017) also affects this distributor SLN Registration. If the Canyon Group decides to voluntarily cancel the primary SLN registration, then WA-090017b is automatically cancelled. It is your responsibility to communicate with the Canyon Group and to stay current with planned changes to the primary SLN registration.
